# LIVY

## The War with Hannibal

SELECTIONS FROM THE THIRD AND FOURTH DECADES

**By EDWARD A. BECHTEL, Ph.D.,**

*The University of Chicago*

This volume is especially prepared for College Freshman classes. It is complete in itself and contains sufficient matter for a term's work, allowing time for the composition that usually forms a part of the Freshman course. The Introduction and Notes (on the same page with the text) are brief and are intended solely to help the student. References to standard historical authorities enable the teacher to assign outside reading, if he wishes to make something of this subject, while the exclusion of long notes on disputed historical matters enables him, if he prefers, to confine the work to the study of Livy and Latin.

*Limp cloth. Price, $0.60,*
